SPECIFICATION SHEET

To ensure smooth production of your job please ensure any art/material you supply meets the following specifications, otherwise an extra charge may apply.

At Coastal, all our work is produced using Apple Macs

Programs:

Quark Express 4.1
Freehand 9
Photoshop 5
Pagemaker 7
Illustrator 9
Acrobat 4

Fonts:

Please supply all fonts or convert to paths/curves.

Supplied Negatives:

To be 150# Emulsion Down - Right Reading and imposed to our specifications. *Please ring for imposition.*

Pictures:

Coastal can scan your photos in house BUT if you are supplying scans they are to be:

COLOUR – 300dpi, CMYK.

MONO – 300dpi, Grayscale

LINEART – Min 600dpi.

Except for deep etched photos ALL photos to be supplied as TIF's and to CORRECT SIZE.

NOTE:

If we should find fault with supplied jobs, it is up to the supplier to rectify. Coastal Printing will rectify incorrect jobs charged at the Artwork Rate.
